

Outlaw Torri Rendego cant shake her past, which most often involves Kai Tinsdale, her former Academy bunkmate and now commander in the hated Coalition forces. Shes convinced the Coalition is up to no good on Kais family holdings and decides to investigate. Problem is, the Coalition is definitely up to something, and Torri and the crew of the Far Seek have to pursue an outrageous plan to gather information and pass it along to Kai somehow. But even the best-laid plans can go dangerously awry, especially where Kais concerned. Risking herself, her crew, and a tenuous tie to a shared history, Torri goes deep into Coalition territory to uncover a secret with far-reaching consequences for a distant and ancient culture. The stakes of this venture may prove way too high, even for a gambler like Torri.
