

The perennial fantasy favorite features thirteen all-new paintings from the husband-and-wife team of Boris Vallejo, Americas premier fantasy artist, and Julie Bell, designer of the popular Dragons of Destiny sculpture series. Enter a world of mythical beasts, fearsome monsters, and dreamy landscapes conjured from the far reaches of the imagination. And captivating women, rendered with exquisite anatomical detail: A huntress aims with lethal accuracy. A goddess, hair flowing, leaps above the waves. Plus warrior women, enchantresses, fairies, and sensual maidens, all alive with passion and intensity. An original fantasy narrative by C. J. Henderson, author of the Teddy London series, weaves the paintings together.
