

Forced to land their scavenger ship on a remote planet, the last thing Demos quads Zeb, Raz, Kue, and Loc expect is to find is a lovely and feisty human female. Celeste has survived a life of abandonment and abuse on Earth, being abducted by cruel aliens, and the ship crashing on a strange planet. But can she survive four sexy red alien men, intent on rescuing her and making her theirs? To win her trust, the brothers make her a part of their crew, assisting in the repairs on their ship. Their friendship blooms into a heated passion that Celeste never thought possible with four alien brothers. When their new bond is threatened by the very aliens who abducted her, her quads reveal some unique hidden skills, showing just how capable they are at protecting the woman they've come to love, no matter the cost.
