

Annie Ogden is back. Like it or not, she's about to learn about COLLATERAL DAMAGE. A love story. When Annie Ogden's ex-boyfriend Michael Garcia reappears, she has to confront a lie dating back to her time in Iraq. Will she go back to hot, passionate Michael, who has developed a disturbing interest in meth, or stick with her pudgy PI partner and fiancé, Salvatore? A murder. The calculus changes when Michael is arrested for murder. When Salvatore refuses to help investigate, Annie is forced to try to find the killer herself. Meanwhile her sister's creepy husband, Todd, is making more of an ass of himself than usual. An obsession. Annie's problems with three obsessive men suddenly pale in significance when she realizes the killer has set his sights on her. Having changed his mind about helping her, Salvatore finds himself in a desperate race against time, the only man capable of finding the killer before it's too late.
