

Immerse yourself into a world of werewolves and witches with the first three books of the Cry Wolf series by New York Times and USA Today bestselling author Sarah Makela. **The Witch Who Cried Wolf (Book 1)** Be careful what you wish for...A potion gone wrong: Mia Brooks is a reluctant witch, with powers that she tries to hold in check. But when her magic gets mixed up, supernatural forces are unleashed and suddenly she's being pursued by werewolves that she didn't even realize existed...Hidden emotions: Ethan Parker, Mia's brother's best friend, is home from deployment for the holidays. Mia's not only hiding from werewolves, she's trying to keep her feelings for Ethan secret; it would be a disaster if he knew she's been nursing a long-time crush...The power of love: Things take a terrifying turn when Mia and Ethan are attacked by a werewolf. Ethan is amazed when Mia reveals her paranormal prowess as she tries to shield them from danger. But can she really protect them from the darkness that lurks? And how can he tell her that, for ages, he's been denying what he really wants? Mia...**Cold Moon Rising (Book 2)** Passions flare when the cold moon rises...Kelly: a normal college girl, who knows what she wants to survive her final exams, and find someone to share her life with. Studying with Jacob is becoming too hot to handle; she's falling for him, but he's going too fast...Jacob: a not-so-typical frat guy, who hides a secret he's a werewolf. Whenever the moon is high, he's driven to shed his human form and satisfy his powerful desires. He craves Kelly, but she's pushing him away...Fallout: Jacob can smell Kelly's arousal, but she insists she doesn't want sex. A wolf can only take so much before his natural instincts win out. When the tension between them explodes, Jacob has no choice but to walk...Kidnapped! Kelly is abducted by evil scientists who've mistaken her for a female werewolf and, despite their differences, Jacob has to try and find her. But it's a race against time and the lunar tides. The scientists have taken Kelly to their lab and turned her into a shapeshifter for real. The full moon is rising, and soon neither Kelly nor Jacob will be able to control their inner beasts. Who knows what the consequences will be when they are consumed by unquenchable animal lust...**The Wolf Who Played With Fire - Book 3**: Some magic can't be unspun...Meddling in magic: If Mia Brooks could turn back time, it would be to when she used her fledgling magic to craft a potion for an injured werewolf. It nearly killed the Pack Alpha, and now the lives of her witch mentor, Jessa, and her soldier boyfriend, Ethan Parker, have been changed forever. Jessa is in hospital after a vicious werewolf attack. And, Ethan, having been bitten, is becoming a werewolf himself. A wolf at the door: Mia can't turn back time, but she can try to make things right with the two people she cares about most. She's keeping Jessa's shop, Eternally Magick, open, and she's there for Ethan as his inner wolf grows. But, by the next full moon, his transformation will be complete. Can she really be the mate of a half-man-half-wolf, living within the law of the Pack? Under his spell: Struggling to contain his new lupine senses, Ethan goes missing on active duty. When Mia realizes her werewolf lover has been abducted, she knows she must harness every magic power she possesses to get him safely back...If you enjoy this boxed set, you might also like the Ever After Series by AC James: <http://amzn.to/1M9VHK9>
