

Kalena is focused on a single task—the assassination of the man who destroyed her family. Once he is gone, she will live her life as a free woman. She just has to extract herself from an arranged Trade Marriage first. She has a plan for that. Her husband, Ridge, works for Quintel, the man Kalena has been sent to kill. Ridge is the Fire Whip, Quintel's enforcer, and not exactly the type to become involved in a Trade Marriage with an innocent country girl. But he looks forward to instructing Kalena in her wifely duties. Kalena and Ridge have no plans for a lasting relationship, but the success of their mission depends on learning to trust each other and the passion that flares between them.
