

Book Two in the Geek Love series. Professor David Garvaglia is nobody's idea of a hero. Is he? When David opens an antique box and finds a sexy Djinni in his bed, his desire for her is almost as powerful as his determination to set her free. Anissa has spent centuries as a prisoner of the box and has dreamed of the day some handsome master would release her. The scruffy computer geek isn't what she expected, but everything about him turns her on. While David and Anissa explore their explosive passion, he helps her adjust to the twenty-first century. Complicating things is an evil wizard who wants Anissa for himself. Between scorching sex in his faculty office and hacking government computers, David does everything he can to keep her safe and satisfied.
