

Intention is generally viewed as a pit-bull kind of determination propelling one to succeed at all costs by never giving up on an inner picture. However, intention is viewed very differently in this book. Dr. Wayne W. Dyer has researched intention as a force in the universe that allows the act of creation to take place. This book explores intentionâ€™not as something you doâ€™but as an energy youâ€™re a part of. Weâ€™re all intended here through the invisible power of intention. Part I deals with the principles of intention, offering true stories and examples on ways to make the connection. In Part II, Dr. Dyer offers an intention guide with specific ways to apply the co-creating principles in daily life. Part III is an exhilarating description of Dr. Dyerâ€™s vision of a world in harmony with the universal mind of intention.
