

Jeff Mean would rather set fires than follow rules or observe curfew. He wears his bad boy image like a favorite old hoodie; that is until he's recruited by Super Villain Academy - where you learn to be good at being bad. In a school where one kid can evaporate all the water from your body and the girl you hang around with can perform psychic sex in your head, bad takes on a whole new meaning. Jeff wonders if he's bad enough for SVA. He may never find out. Classmates vilify him when he develops good manners. Then he's kidnapped by those closest to him and left to wonder who is good and who is bad. His rescue is the climactic episode that balances good and evil in the super world. The catalyst - the girl he's crushing on. A girlfriend and balancing the supers is good, right? Or is it...bad?
