

This course companion specifically supports the core maths skills A Level and post-16 Biology students need for exam success. It has been mapped to the requirements of the new 2015 A Level specs with new material ensuring complete coverage of the new specs with extra content. Written by an experienced teacher and senior examiner, this full-colour course companion is designed to encourage you not to fear the maths in your Biology course and give you the confidence you need to take on questions with mathematical content. // It thoroughly explains each mathematical concept using plenty of relevant worked examples, with advice on how to avoid common misunderstandings when making calculations. // You are helped throughout the book with pointers, quickfire tests, worked examples and test questions from examinations. The answers and the glossary at the back of the book help you check your progress. // The book supports and is mapped to A Level Biology courses from AQA, Pearson, OCR, WJEC, CCEA, the International Baccalaureate and the Cambridge Pre-U.

The Three Little Pigs: An Old Story (Sunburst Book), The Mischievous Miss Murphy (Kasey Michaels Alphabet Regency Romance Book 6), In My Kitchen: An Essential Collection of New Vegetarian Recipes, Jolie Blons Bounce: A Novel (Dave Robicheaux Book 12), The Book of Cthulhu, Seeds,
