Just Some Of The 5\* Reviews For This Herobrine Series I must say that I am not a Minecraft fan, only because if had not had much experience with it. My son loves it and so I bought this book but after the first few pages, I couldnt put it down. I like the drama, it is well written, the story flows well, and it has changed my opinion of Minecraft. My son is a Minecraft junkie and really loves these books! He said to put AWESOME in the review! So AWESoME I didnt like it .....I loved it!!!!!!! It was great I love books that have adventures in them a lot This book satisfied my theories on Herobrine. Provides a modest start, rising action, and then a well-concluded ending. Very reccomended for Herobrine fans. I choose this rating because it was a good book. What I liked about it was now I know why hero brine hates a lot of people. What I disliked about this is that now when he sees someone he will think of what happens when sparkle girl and his dog die. I loved it it was super awesome. a good minecraft book try reading it Ioooooovved reading it. try it now. I bought this book and Revenge Of A Monster for my son, who is a huge Minecraft fanatic! I found that I was as interested as he was & wanted to read just one more chapter myself at story time! My only complaint is that the grammar & punctuation is atrocious! It seemed like every other sentence ended with a misplaced question mark. This, combined with the poor grammar, made for choppy reading, especially when reading aloud with a kid. I did not expect this from an author, who has written many books. Also, there were a few curse words that really werent necessary. Since it seems like these books are read by many kids, I didnt understand why the author chose to use these words. Luckily, there were only a few. Nevertheless, we are both looking forward to reading the other books in this series!
