

A seemingly ordinary, young woman meets four misfits who claim she has given them supernatural powers. While on a business trip to a remote island paradise, a bored secretary, Hailey, has her world turned upside down when her path collides with a psychic freak, Skyler. He attempts to convince her that they had met in his dreams, and she had chosen him as one of her four mystic warriors. After Skyler foresees a woman's death, they discover an unidentified creature has killed one of the guests. They are joined by a lounge pianist and a rich playboy, who also claim they had met her in their dreams. If Skyler's prophecies are genuine, the evil entity controlling the ravenous creatures needs to destroy Hailey to ensure its survival. Reluctantly accepting her fate, Hailey has to locate the last and most powerful of her chosen warriors, The Guardian. Their fate is in doubt when The Guardian turns out to be a self-absorbed, former cat burglar with a bad attitude. Can Hailey turn her company of misfits into an elite team of mystic warriors? Or will The Guardian's secret agenda destroy them all? Misfits, Inc. contains some scenes of violence, moderate gore, mild foul language, and some sexual situations.
