

La figura de Sancho Panza completa la de Don Quijote. Del contraste resulta no solo el seductor encanto de la obra, sino la encarnación de la lucha eterna entre el idealismo y el materialismo. Cándido y malicioso, confiado y esceptico, leal y sufrido, la figura de Sancho merece atento estudio. Ninguno mejor que presentarlo en aquellas situaciones en que fue el verdadero protagonista. Hemos comenzado por coleccionar sus refranes, aunque entre ellos se contiene algunos que Cervantes pone en labios de Don Quijote y Teresa Panza. Despues, creemos presentar la figura de Sancho en todo su relieve, con sus desventuras en la venta donde fue manteado, sus malicias en el encantamiento de Dulcinea y en casa de los duques y sus agudezas en el gobierno de la insula Barataria. No hemos pretendido hacer un estudio de su caracter. Cuanto al Quijote se refiere esta ya juzgado y glorificado por la conciencia universal. Hemos querido solo que Sancho Panza aparezca tal como es.
