

From the creator of Elmoryn, and the author of the smash hit horror epic Adrians Undead Diary... Welcome to Tesser: A Dragon Among Us, the first Reemergence Novel. Vibrant storytelling, with an unusual protagonist... -Georgina Parfitt, Towerbabe.com Imagine for a moment that you are a Dragon. A creature of unimaginable power, unending intelligence and strength, and you've just woken from ten thousand years of slumber. Worse yet, you've awoken underneath a city; Boston, an alien and strange place that defies everything you've ever known. Your last memories were of primordial forests, erupting volcanoes sculpting a developing world, faeries, witches, vampires, krakens, and monsters that feared where you turned your eyes. But all that is gone. Humans, only barely coming into their own in the world from your memory, have taken over. They have erected cities made of stone and steel erupting from the earth like stalagmites reaching for the high blue sky, and developed sciences that have overshadowed even the glory of old magic. This was not the way it was supposed to be. Meet Tesser, the Dragon. He who walks in any form, and flies the skies free of fear. A Dragon Among Us is Tessers story. Walk with him as he learns the human way, and discovers the dark truth about why magic has really faded from the world he calls home. And just maybe, humanity will remember why dragons were most noble, and most savage creatures again. Welcome to The Reemergence. Tesser: A Dragon Among Us is a mythical journey into urban fantasy. Set in the modern day but filled with elements of wonder and magic, it is sure to please enthusiasts of both action, adventure, and romance.
