

“A well-written and comprehensive tale ... a lively history of the people and events that forged modern-day New York City.” The Urban Audubon Experience a seldom-seen New York City with journalists and NYC natives Sharon Seitz and Stuart Miller as they show you the 42 islands in this city’s diverse archipelago. Within the city’s boundaries there are dozens of islands—some famous, like Ellis, some infamous, like Rikers, and others forgotten, like North Brother, where Typhoid Mary spent nearly 30 years in confinement. While the spotlight often falls on the museums, trends, and restaurants of Manhattan, the city’s other islands have vivid and intriguing stories to tell. They offer the day-tripper everything from nature trails to military garrisons. This detailed guide and comprehensive history will give you a sense of how New York City’s politics, population, and landscape have evolved over the last several centuries through the prism of its islands. Full of practical information on how to reach each island, what you’ll see there, and colorful stories, facts, and legends, *The Other Islands of New York City* is much more than a travel guide.

Lost Moon: The Perilous Voyage of Apollo 13, Above Suspicion 1ST Edition, The Templar Chronicles 1 The Heretic, Cosmetology Career Starter, Heroin: The Deadly Addiction (Drug Abuse and Society), Cuentos de Colores En Prosa y Verso (Spanish Edition), Topsy Turvy: with anecdotes and observations illustrative of leading characters in the present Government of France. [By G. Huddesford.], Wide Awake: A Buddhist Guide for Teens, Mapping Colombia: The Correlation Between Land Data And Strategy, A Field Guide to Rocks and Minerals (Peterson Field Guides),
