

On the eve of World War II, the Squalus, America's newest submarine, plunged to the bottom of the North Atlantic. Miraculously, thirty-three crew members still survived. While their loved ones waited in unbearable tension on shore, their ultimate fate would depend upon one man, U.S. Navy officer Charles Swede Momsen -- an extraordinary combination of visionary, scientist, and man of action. In this thrilling true account, prize-winning author Peter Maas vividly re-creates a moment-by-moment account of the disaster and the man at its center. Could he actually pluck those men from a watery grave? Or had all his pioneering work been in vain?

Der goldene Schlüssel zum Glück (German Edition), International Civil Dispute Resolution (American Casebook Series), Litigant in Person: Alone in the UK Tribunal, Guji Guji, Cipher (Southern Arcana Book #4), The Papers of the Elland Society, 1769-1828 (Church of England Record Society),

Start by marking "The Terrible Hours: The Greatest Submarine Rescue in History" as Want to Read: In May of , a submarine named the Squalus sank to the bottom of the North Atlantic. Maas's book recounts the thrilling story of the crew's rescue using an ancient technology.

The Terrible Hours: The Man Behind the Greatest Submarine Rescue in History. Peter Maas, Author HarperCollins Publishers \$25 (p) ISBN.

Maas's earlier book, The Rescuer, published in , covered much of this same ground, but The Terrible Hours provides more material on the long - and.
