

Scrabble may be truly called America's game. But for every group of living-room players there is someone who is at one with the board. In *Word Freak*, Stefan Fatsis introduces readers to those few, exploring the underground world of colorful characters for which the Scrabble game is life-playing competitively in tournaments across the country. It is also the story of how the Scrabble game was invented by an unemployed architect during the Great Depression and how it has grown into the hugely successful, challenging, and beloved game it is today. Along the way, Fatsis chronicles his own obsession with the game and his development as a player from novice to expert. More than a book about hardcore Scrabble players, *Word Freak* is also an examination of notions of brilliance, memory, language, competition, and the mind that celebrates the uncanny creative powers in us all. A Book Sense 76 pick.

Michigan Off the Beaten Path, 9th (Off the Beaten Path Series), The Clinic: An Alex Delaware Novel, Best NFL Offenses of All Time (NFL's Best Ever), Beyond Reasonable Doubt (Acting Edition), Unsolved!
